

PRELIMINARY ENROLLMENT REPORT
FOR FALL SEMESTER 2004
OCTOBER 12, 2004

STANLEY E. HENDERSON
ASSOCIATE PROVOST FOR ENROLLMENT MANAGEMENT

As of the first day of class, fall 2004 total enrollment is 39,151. This represents 971 more students than the corresponding date last year. This is a record first day enrollment.

There are 623 more undergraduates enrolled. New freshmen numbers increased by 436. New transfer numbers increased by 57. Graduate and Professional enrollment increased by 154 students.

A preliminary look at the Freshman Profile reveals more Illinois residents and international students but fewer domestic non-residents in the class. Enrollment of American Indian, African American, and Latino/a students declined. Academic quality remained constant.

If the number of late registrants parallels that of last year, we can expect 745 more students to enroll overall: this would bring the final projected undergraduate enrollment to 29,246, the projected graduate and professional enrollment to 10,455, and the total campus enrollment to 39,896. Final total new freshman enrollment is anticipated to be within the range of 7,216-7,256.
